This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

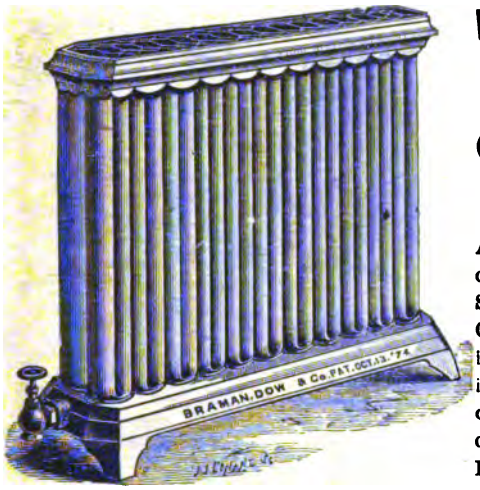
WORCESTER, MASS.

WORCESTER

Steam & Gas Pipe Works,

Manufacturers of and Dealers in



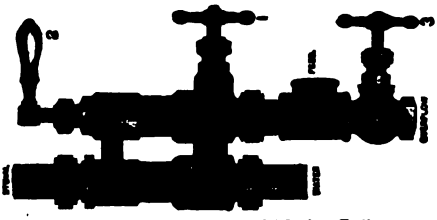
WROUGHT IRON, STEAM AND Gas Pipe,

Brass & Iron Fittings,

And all goods used in connection with Steam Gas and Water. Contractors for heating all kinds of buildings with steam, high or low pressure, either direct or indirect Radiator.

Sole Agents in New England for the

Hancock Inspirator,



An apparatus for feeding water to Stationary, Locomotive, and Marine Boilers, and for pumping purposes.

For Dye Houses, Cotton and Woollen Mills, Bleacheries, Paper Mills, and all Manufactories requiring an abundance of water, these machines are invaluable.

There are no *movable or working parts* within this apparatus, nothing that *can get out of order* or wear out. They are made of the best materials, and we warrant every Inspirator to be perfect in every respect. We ask a trial. We have claimed nothing for the "HANCOCK" that we are not fully confident it will accomplish, and we are desirous that the machine should stand solely on its merits.

MILL WORK A SPECIALTY.

EXPERIENCED WORKMEN SENT TO ALL PARTS OF THE COUNTRY.

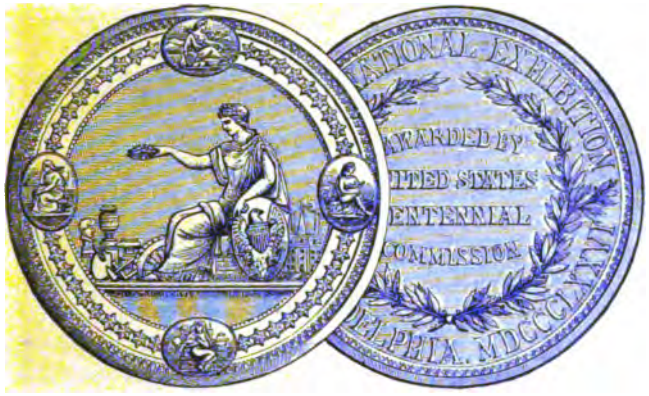
BOSTON, MASS.,

Have been awarded by the United States Centennial Commission the highest award for the purity of their goods.



CENTENNIAL AWARD MEDAL.

Our firm stands at the head of the Confectionery business throughout the United States, and this position among the trade has been gained during the past thirty years by strictly adhering to our motto of

NO ADULTERATION.

We guarantee and warrant our goods in every particular, and customers can rely on getting from us nothing but

Strictly Pure Goods and Full Weights.

The **RETAIL STORE** is one of the nicest in this country, and the goods therein are of the choicest and most delicate descriptions that can possibly be made. We manufacture every day for our retail trade, so that customers shall have fresh confectionery. Besides every novelty that it is possible for this department of our business to contain, we have a full and particularly fine assortment of

CHRISTMAS, EASTER AND HOLIDAY GOODS,

Some of which are very superior,

BON-BONS, CREAM AND DRAGEE WORK, MOTTO AND CONVERSATION GOODS, SUGAR TOYS, ANIMALS AND BIRDS, CRYSTALLIZED FRUITS, CUMQUOTS, CHINESE GINGER, ICING FLOWERS, CAKE TRIMMINGS, BRIDE-CAKE ORNAMENTS, CORNUCOPIAS, FANCY BOXES, ETC.

C. H. COWDREY,

MACHINIST,

AND MANUFACTURER OF

THE IMPROVED WAYMOTH LATHE.

EQUAL TO ANY AND

EXCELLED BY NONE.

One very important improvement. The centre piece and tail stock slide on tracks, thus preventing all side motion when using back tools, and the bits will work exactly in the centre and produce perfect work.

The turning of this Lathe is often more perfect than hand work. Druggists' Boxes, Curtain Fixtures, Hubs and Spokes for Children's Carriages, Balls, Knobs, Piano Pins, Dowels, Organ Stops, Faucets, Lather, Paint, Stencil, File, Augur and other Handles, Wooden Jewelry, Checkers, Pipes, Pipe Stems, and every variety of Wood Turning.

The Lathes will do the above work at the rate of from 200 to 1500 pieces per hour. Samples of work done on these Machines will be sent on application.

All letters pertaining to the late Improved Lathes, address to

C. H. COWDREY, Water St., Box 44, FITCHBURG, MASS.

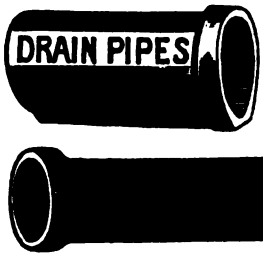
THE CEMENT PIPE PATENT'S ASSOCIATION

Drain, Sewer & Culvert Pipe,

3, 4, 5, 6, 8, 9, 10, 12, 15, 18 and 24 inch Bore.

They stand the most severe tests of Acids, improve in strength with age and use, are more perfect in their interior finish than any other pipe made, and are lower in price; extensively adopted by eminent Hydraulic Engineers. They are largely used for sewerage purposes in Brooklyn, Central Park, New York, Albany, Jersey City, Elizabeth, New Haven, Hartford, Boston, Springfield, Lowell, Rochester, Buffalo, Navy Yards at Brooklyn and Washington, and for Culverts under heavy Railroad embankments.



Why is Cement Pipe better than other materials that have always been used for such purposes? 1st. — They do not corrode and rust out like cast iron, nor decay like wood and clay structures. They are smoother interiors than brick, give less friction, greater flowing capacity of the same calibre; less liable to get obstructed with sediments, more durable, require less time and excavating to lay them, which is of great importance in business streets, and where trenches are liable to cave; they can be laid by any *laborer* of good judgment and care; in case they prove too small for the demand, they can be taken out and relaid elsewhere, without injury to the pipe. 2d. — They are from 25 to 50 per cent cheaper, taking into consideration all of the above points.

The continual repairing of other drains and sewers often amounts to more than the cost of the Cement Pipe, which is a practical, durable and sure thing; it also improves with use and age.

For cheapness, quality, perfection and variety, it is unsurpassed.

ALSO,

MASON AND BUILDER.

Sand furnished in any quantity, and delivered to any part of the City.

ORDERS LEFT AT

AGRICULTURAL WAREHOUSE, 588 MAIN STREET,

At 682 Main St., or at the Factory, 100 May St.

WORCESTER, MASS.

The Attention of Engineers, Architects, Builders, Plumbers, Town Officials, and others is called to the Merits of these Pipes.

The materials of which they are composed — the best brands of Hydraulic Cement, and sharp, clean Sand — render them especially adapted to Street, Sewer and House Drainage. They are impervious to the action of Sewerage Matter and Frost. They will stand the pressure of heavy railroad embankments, while their continued hardening process renders them indestructible. They are extensively used in all the principal Cities and Towns in the Union.

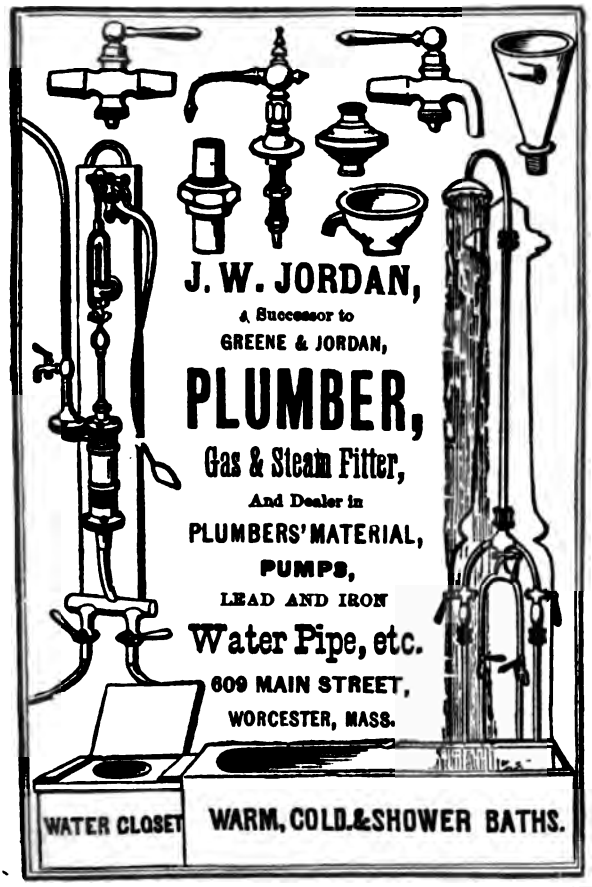
Store, 609 MAIN STREET - - - WORCESTER, MASS.



THE ESTABROOK & WIRES

CLINCHING SCREW.

Patented

December 29,

1868.

The best and only reliable fastening for Boots and Shoes.

The above Cut represents Clinching Screws before and after driving. They are made from Brass Wire; are straight, with a continuous thread throughout their entire length, with a flat and slightly wedge-shaped point; are driven by hand after an awl like an ordinary peg, requiring but one row of three to the inch.

This Cut represents a Clinching Screw Shoe with a portion of the vamp or upper removed, showing the position and appearance of the Screws after they are driven and clinched. The point making a perfect hook clinch, taking up the settle of the leather and always holding it until the Boot or Shoe is worn out,—three very important qualities possessed by no other fastening; also, making a tighter and firmer edge than can be produced otherwise, producing a Boot or Shoe unequalled for durability, wear and ease. The screw being straight and continuous threaded, presents its entire surface as a holding medium, entirely preventing it from working in or out, its holding qualities remaining relatively always the same until the sole is worn entirely out.

ESTABROOK, WIRES & CO.,

Sole Manufacturers of the

Patent Clinching Screw

FOR BOOTS AND SHOES.

Howe's Patent Boot and Shoe Trees.
Also, Manufacturers of Crimping and Turning Kit.

Factory at Milford, Mass, **Boston Office, 114 High Street,**

THE BANGERT & SHAW COMPANY,

MERCANTILE AND COLLECTION AGENCY.

Principal Office, No. 287 Broadway, NEW YORK.

New England Management, Boston, Mass.

WORCESTER COUNTY MANAGEMENT,

Office, No. 387 Main St., Worcester, Mass. - - - J. NICHOLS, Manager.

A NEW DEPARTURE!

EVERY MAN HIS OWN MERCANTILE AGENCY.

IMPORTANT TO BUSINESS MEN.

Efficient! Reliable! Economical!

The unparalleled success and rapidly-increasing membership of THE BANGERT & SHAW COMPANY MERCANTILE AND COLLECTION AGENCY, in their *new departure* in Mercantile Agency Systems, show conclusively that a company founded on these principles can be made satisfactory to its patrons. Its cardinal features are Honesty, Economy, Simplicity, Efficiency, and Reliability; and wherever presented, the business man has manifested his thorough appreciation of this efficient system for a mercantile business that protects from fraud and ensures an honest collection of claims.

Our correspondents and attorneys are located in every city and nearly every town in the United States, a complete list of whom, revised quarterly, is furnished every subscriber, who, by our special facilities, can make on *printed blanks provided for the purpose* as many inquiries or obtain as many detailed reports as required, *direct* of these attorneys and correspondents, whose names are attached to their reports, in which they are required to give as complete and accurate returns as possible and obtainable at the present time, or *to-day*, just and *only* when they are especially valuable and *reliable*, or of whom inquiries can very quickly be made by our *innovation*, the Cipher Telegraphic Code; and whose ordinary legal advice and information respecting the financial standing of any one in their respective localities, the travelling agents of subscribers are entitled to *free of charge*,—which features alone are well worth double the price of our subscription. Or when the subscriber *requests* it, these special inquiries and reports are made by the Company, at this office, thus affording the most complete and practical system for procuring accurate and detailed reports with promptness and reliability; and, besides, *if wanted*, though not essential, a rating book is furnished for the whole United States, containing over 500,000 names or new ratings.

The special COLLECTION facilities of this agency enable the subscriber, by having a list of our attorneys, and also printed blanks furnished for the purpose, to forward himself any claim for collection directly to our attorney in the locality where it is to be collected, or it may be sent to our Worcester office, No. 387 Main Street, knowing in either case precisely what the expense will be, that there will be *no additional charges* for extra trouble, unusual difficulty, or other like excuses to increase the fees; that we charge *nothing* unless we make the collection, and then only our established rates, which we guarantee. Our list of attorneys is the *very best*, having reference to *legal ability, integrity*, and *responsibility*. Claims followed all over the world. Over 9,000 attorneys *under contract*. Subscribers are entitled to *legal advice free of charge* at this office from our attorneys on all matters pertaining to their own business. All local claims must be sent to this office, No. 387 Main Street, Worcester, Mass. Money paid over within 24 hours after its collection. Claims collected by our special plan where all other processes have failed. Full particulars regarding each collection freely given at any time when desired by the subscriber.

A nominal subscription fee of ten dollars entitles the *retail* business man to such information as will enable him to know when not to credit, and to all the benefits of the *collection* department *only*,—a new feature with this Company, designed for the convenience and benefit of those in business in the RETAIL department.

Our elaborate and comparatively inexpensive system is well worth your careful consideration, affording all the benefits of the different matter pertaining to this agency, the extremely low prices or subscription fees for which rendering it a great saving and of special importance to the subscriber.

The business men of this city and county are solicited to call or apply at our office and try the efficiency and reliability of this Company, feeling as we do a strong conviction that when you have thoroughly tested the practical operations of our system it will receive your hearty approval.

THE BANGERT & SHAW COMPANY.

Buxton's Patent Peg Cutters, Welt Knives, Etc.

ALSO, AGENT FOR PATENT CUTTING BOARDS.

95 Main St. Milford, Mass.

Agent for Eatabrook & Wires' Clinching Screws.

THE
EUREKA VENTILATION COMPANY
OF BOSTON.

Office and Manufactory, NO. 74 CHARLESTOWN STREET.

We respectfully call the attention of the Public to this improved **Ventilator**, and in doing so, point out some of its excellences and advantages. It can easily be applied to new or old buildings; it is simple in its construction; durable and cheap, as no part can get out of order, and will last a lifetime; the peculiar construction and arrangement of its parts render it a perfect preventive against down-draughts, which is the case in lowering windows; it is perfectly *Storm Proof!* and put together in a thorough manner. The proof of its success is renewed orders from old customers.

The following list of places where these **Ventilators** are in use is selected from many highly valued testimonials, as evidence of the high esteem in which these **Ventilators** are held by those whose practical experience and constant observation entitle them to judge of its merits.

Ventilators in School Houses.

Newton, Newtonville, West Newton, Newton Upper and Lower Falls, Newton Centre, Boston, Brighton, Allston, Watertown, Chelsea, Provincetown, Middleboro, Brookline, Wellesley, Salem, Natick, Foxboro, Woburn, Winchester, Malden, Fall River, Melrose, etc.

Ventilators in Churches.

Boston, Charlestown, Somerville, etc., etc. We give special attention to Churches, Schoolhouses, Private Houses, Engine Houses, etc. We make **Ventilators** to suit all thicknesses of walls, wood or brick.

This **Ventilator** is now meeting with great success with Architects and Builders in this and other cities. Send for circular. All orders promptly attended to.

We are agents for the New Patent **Chimney Thimble.** It will not crack the plaster or bulge it out, and warranted perfectly FIRE PROOF.

BEWARE OF INFRINGEMENTS,

Such as improvements, for we shall hold all persons infringing responsible for the same, as we are the only manufacturers of the Eureka Ventilator.

J. W. LITTLEFIELD,

MANUFACTURER OF

Boot and Shce Machinery,

INCLUDING

CRIMPING & TURNING MACHINES, CRIMPING SCREWS, BOOT STRETCHERS.

The patent on Boot Trees having expired, I can furnish all kinds at low figures.

BOOT TREES.—Men's, Boys' Common, Youths' Common, Tree Feet.

N. B.—I can arrange the Boot Trees so that you can use them for Shoe Trees, with small expense, and will save buying Shoe Trees.

FORMS.—Men's, Boys' Common Length, Youths' Common Length, Child's Common Length, Common Shoe Forms, Gaiter.

BRAKES.—Heavy Jawed, Wood and Brass Bound, Heavy Jawed Instep Brake, Wood and Brass Bound.

My Brake is an improvement. It works easier than any other.

SEAM RUBBERS.—Men's Legs, Boys' Legs, Youths' Legs, Tables, with Irons, Tables, without Irons.

All kinds of Jobbing and Repairing in Wood and Iron will be done to order and shall give perfect satisfaction.

Being the oldest Boot Kit Manufacturer in the country, I feel confident of my articles meeting the wants of all.

Godfrey's Brick Shop, Central Street,

MILFORD.

Cut made by our process from Pen Drawing.

Photo-Electrotype

Is the name of a new process of Engraving by Photography at LESS than

ONE-HALF THE COST OF WOOD ENGRAVING!

The plates are equal to the finest wood cuts, and in point of depth, superior. We furnish an Electrotype all ready for the printer's use.

We can do every description of work, Machinery, Furniture Buildings, Autograph Letters, Illustrations for Trade Catalogues, etc. By this process Illustrations are made **CHEAP**, thus bringing it within the means of everyone to show their wares in picture.

For specimen sheet of our work, and further particulars relating to our new art, address,

U. S. POSTAL REGULATIONS.

LETTERS, and matters partly or wholly in writing, or SEALED PACKAGES to any part of the UNITED STATES, three cents per half ounce or fraction thereof. DROP LETTERS, at Post-offices having letter-carriers, two cents per half ounce; at other offices, one cent per half ounce. Request letters are returned to writers free. Stamps cut from stamped envelopes are valueless. The weight of a letter packet must not exceed *four pounds*.

POSTAL CARDS, one cent each. With an additional one cent stamp they can be sent to Canada, Newfoundland, and by direct mails to Germany.

UNSEALED CIRCULARS, not exceeding four pounds, one cent for each two ounces.

Books, not exceeding four pounds, one cent for each two ounces. Books with flexible covers are regarded as pamphlets.

PACKAGES OR SAMPLES of merchandise, metals, ores, minerals, etc., not exceeding twelve ounces, one cent for each two ounces. Packages must be so inclosed as to be easily opened and contents examined without injury to wrappers.

MISCELLANEOUS PRINTED MATTER, excepting books or newspapers, not exceeding four pounds in weight, one cent for each two ounces. This class includes book-manuscripts, proof-sheets, bulbs, seeds, scions, cards, chromos, circulars, engravings, maps, pamphlets, sheet-music, etc.

THE REGISTRATION FEE on letters or sealed packages to any part of the United State is ten cents, in addition to postage paid in full. Registry fee to Canada is five cents; to England and Germany, eight cents.

Letters addressed to the departments in Washington must be prepaid.

DOMESTIC MONEY ORDERS are issued at Money Order

Offices at the following rates: On orders not exceeding $15, ten cents; over $15 and not exceeding $30, fifteen cents; over $30 and not exceeding $40, twenty cents; over $40 and not exceeding $50, twenty-five cents. No orders for more than $50 are issued, nor more than three in one day to the same payee.

PALACE ORGANS

THE BEST IN THE WORLD

Manufactured by the LORING & BLAKE ORGAN CO., of Worcester, Mass., and Toledo, O.

The only organ made in which is successfully combined the following essential qualities of tone: power, depth, brilliancy, and sympathetic delicacy.

The most exquisitely beautiful solo effects ever produced.

The only stop-action ever invented that can not be disarranged by use.

The only organ made with bellows capacity so great that it requires but little effort with the feet to supply all the air desired.

The *best made* and most elegant cases in market.

No shoddy ornaments used—*nothing but solid wood. Every Organ fully warranted for five years.*

Write to us for Illustrated Catalogue and Price List, which will be mailed postpaid on application. Address

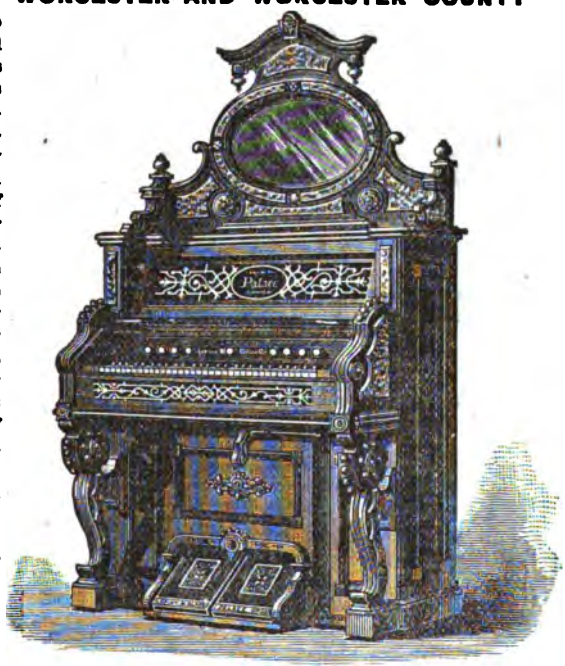
LORING & BLAKE ORGAN CO.

Worcester, Mass., or Toledo, O.

RESIDENTS OF WORCESTER AND WORCESTER COUNTY

Are respectfully invited to call at our warerooms and inspect our different styles of instruments. Low prices will be made to parties desiring to purchase. The attention of artists is especially called to our many original solo tones, which are of great beauty, and to our pedal organs, with two manuals, for the private practice of organists, of which we make, probably, a larger number than any other manufacturer, having now a world-wide reputation for the excellence of our organs of this class; in proof of which we would state that we have during the month just passed (August) received orders for five of these organs from England.

Organs made to order from any practical specifications desired, and to match any desired style of furniture or decoration.



The Loring & Blake Organ Co., 19 UNION STREET, WORCESTER.

TABER ORGAN COMPANY.

Although the Taber Organ Company is comparatively new, it has already attained an enviable position among the leading companies in the country. The Taber Organ combines all the essential qualities of

Tone, Depth, Power and Brilliancy

requisite in a perfect instrument. The cases are models of elegance in every particular.

Several valuable Patents and Improvements.

It is the best Organ made for parlor and church purposes. Purchasers are invited to call at

No. 9 May Street,

WORCESTER, MASS.

or send for Circulars and Prices.

CLINTON HOUSE,

CLINTON, MASS.

I. W. COOK - - - - PROPRIETOR.

This house was established in December, 1847, but was remodelled and refurnished in 1876. The rooms are large and spacious, about eleven or twelve feet high, and the house is of considerable size, containing fifty-four good, clean beds. Mr. Cook's neighbors and fellow townsmen speak well of him and of the house, which, with its surrounding, seems a nice place for the business man as well as for parties of pleasure, there being a good stable and a large billiard-hall connected with the establishment. One thing should not be forgotten, the landlord sets a good table and there is no lack of generous fare. The average number of hotel arrivals is about twenty a day, and board varies from a dollar and a quarter to two dollars and a half per day, according to the rooms occupied.

J. F. BARTLETT,

CERTIFICATE OF ANALYSIS.

LABORATORY OF JAMES F. BABCOCK,
ANALYTICAL AND CONSULTING CHEMIST.
NO. 10 ROLLINS ST., BOSTON, Sept. 13, 1878.

This may certify that the following is the analysis and result of a sample of Lager Beer, from the Brewery of H. & J. PFAFF, Boston, delivered to me the tenth day of Septem' er, 1878.

ANALYSIS AND RESULT.

The sample was found to be of good quality, fine flavor, and clear and brilliant. Analysis showed that it contained 4 89-100 per cent of *Alcohol* by volume, and 6 44-100 per cent of *extract of Malt and Hops.*

It was *free from any adulteration* and appears to be manufactured solely from the constituents of *Malt, Hops and pure water.*
